

ML14-18 Outline drawing

- Overall dimensions are for 40" long beds.
- For the "C" dimension on longer bed lengths, add the difference between 40 and the bed length.
- If a conveyor option is supplied, add 36" to the overall length (on the right side).
- If a conveyor option is supplied, 62" clearance is required between the rear of the machine and any wall behind in order to get the coolant tank in and out.
